

# DSKL and Mercedes Benz Malaysia present Open Stage No. 7

The 7<sup>th</sup> Open Stage, supported by Mercedes Benz Malaysia, took place at PJ Live Arts centre on (insert date) with a program which included breathtaking music and arts.

Malaysian singer-songwriter Liyana Fizi, from the band Estrella, performed two songs with a group of DSKL students and everyone agreed that the DSKL-band sounded better than ever before.

In the fashion domain, the students displayed their remarkable talents as well: during art classes, students of years 8, 9 and 10 created their own unique fashion designs. Inspired by fashion designer Issey Miyake, they created magically bizarre art pieces that were greeted with thunderous

applause. Then the students of the International Fashion Training Centre KL conquered the stage with their very own outstanding designs. More very impressive art created by the DSKL arts teachers and their students could be viewed at the art exhibition displayed in the foyer.

The selection of the new school logo, designed by students of years 8, 9 and 10 was also one of the evening's highlights. The exiting designs not only reflected youthful creativity but also exceptional professionalism. The winning logo was Sean-Li Muhrmann's creation and Dr. Munzinger awarded attractive prizes to the lucky winner and runners up.

Special thanks go to Mercedes Benz

*DSKL students showcasing their unique paper fashion designs inspired by Issey Miyake*

Malaysia for their generous sponsorship. We are all looking forward to Open Stage No. 8. ▼
