DSKL students fighting for a place on the podium.

The German School Kuala Lumpur on November 2, 2019 hosted the 2019/20 BMW Football Cup, welcoming 38 participating teams from 11 international schools, including two teams from the German School Singapore. More than 300 players in five different age-groups

competed against each other for the highly coveted medals and trophies.

Athletes and organizers managed a very tight program due to the large number of participants hardly allowing any space for a breather. The boys and girls in different age groups fought for the prestigious

medal ranks on five sports fields.

DSKL places great emphasis on football which was again demonstrated by the participation of five teams from our school achieving very convincing results. The youngest team (11 U) reached the semi-finals only narrowly missing the final, however all other teams stepped

up onto the winners' podium. The boys (13 U) took an excellent third place while the boys (15 U) were rewarded with the well-deserved silver medal.

The highlights of the day happened in the afternoon, when the boys (15 O) and the girls (15 O) stepped up to the challenge securing the gold medals

in exciting tournaments ahead of the competing teams from Singapore, thus ensuring an outstanding overall result for DSKL.

The German School Kuala Lumpur would like to thank its Gold Sponsor BMW Group Financial Services for their continued generous support. The dedicated work of many

colleagues, teaching assistants and administrative staff members ensured a smooth and successful running of the tournament.

Many thanks for their enormous commitment! Special thanks go to all the host parents who kindly accommodated students from the German School Singapore.
